of the House	due to the fact that the	as to why	that we have not
in this House	from the fact that the	as to what	in reply to the
both Houses	in view of the fact that the	as to when	one of the most important
from this side of the House	in spite of the fact that the	as to whether	I do not think that

in addition to the	cooperative societies	in this behalf	it is obvious that the
in addition to this	cooperative banks	advisory board	it appears that the
much more important	has said that	Railway Board	is likely to be
more important than	non-officials (H)	civil services	are likely to be
most important	large number of	Government service	for my part
most important things	large numbers	Government servants	it is true that
most important matters	in this measure	minority community	in some other way
from the point of view of the	to look into the matter	in other words	or some other way
immediate attention	for instance	in view of the	if possible
prompt attention	for example	anti-social (H)	it is possible that the
more attention	in the first instance	Indo-Pakistan (H)	it is quite possible
my attention	in the first place	to consider the	it is not possible
your attention	rural areas	come to an end	it will be possible
I draw the attention of the	urban areas	came to an end	it will not be possible
I would like to	with a view to	socio-economic (H)	it would be possible
draw the attention of the	apart from the	social and economic	it would not be possible
to draw the attention of the	apart from this	economic and social	it may be possible
drawing the attention of the	what has been done	United States of America	it may not be possible
in many ways	difference of opinion	United States	it has been possible
at the time of the	differences of opinion	U.S.	as far as possible
at a time	who has been	U.S.A.	so far as possible
at times	which has been	United Kingdom	as soon as possible
at that time	all over the country	If I may say so	as early as possible
could not	all over the world	on the whole	if it is possible
I could not	by my hon. Friend	as a whole	to the extent possible
we have had	hon. Mover	as well	great importance
by and large	they might be able to	in the countryside	until and unless
to an extent	in connection with the	Scheduled Castes	unless and until

they would be able to	they have been	to improve the	part and parcel
of those who are	Railway Budget	to meet the	national life
of those who have	we do not say	first of all	political life
in position	we do not see	I can assure you	social life
in a position	from my mind	later on	economic life
in a better position	to my mind	if it is	public life
I am not in a position	in this respect	with each other	year to year
we are in a position	in some respects	much better than	year after year
they are in a position	in certain respects	what should be the	in spite of
we are not in a position	in many respects	lakhs of rupees	instead of
and I think the	with respect to the	crores of rupees	in respect of
need not be	are being	on their own	to look after the
that he would	as you know	throughout the country	looks after the
Congress Party	up till now	inside the country	take into account
ruling party	in favour of the	outside the country	taken into account
political parties	in relation to the	parts of India	taking into account
Opposition parties	in line with the	in many parts of India	will be taken into account
for some time	financial resources	parts of the world	would be taken into account
at some time	capital resources	in many parts of the world	during the last
for the first time	human resources	in different parts of the country	during the last year
at the same time	mineral resources	in different parts of the world	during the last few years
from time to time	material resources	in many parts of the country	during the last few months
unity of India	natural resources	in other parts of the country	during the last few weeks
who has not been	much more than	in other parts of the world	during the last few days
which has not been	here and there	large parts of the country	during the last five years
let us be	here or there	large parts of the world	during the last Five Year Plan
Himachal Pradesh	point out	by all means	is being done
Madhya Pradesh	pointed out	by no means	has taken place
Uttar Pradesh	before me	by means of	in the minds of the
Tripura	before us	whenever there is	I would say that
Andhra Pradesh	it will have to be	become necessary	in some cases
anybody else	on the subject	became necessary	in many cases
nobody else	on this subject	rules and regulations	in certain cases
as has been	it may be that the	so as to make the	in certain other cases
as has been mentioned	in course of time	I would like to know	rural industries
it has been mentioned	in due course of time	in collaboration with the	large-scale industries (H)
I have mentioned	In the course of the	in cooperation with the	small-scale industries (H)
will be mentioned	to deal with the	in the near future	cottage industries
above mentioned	in dealing with the	we have not been	cottage and small-scale Industries (H)
they should have	have to be dealt with	I thank you	should have been

I am very glad to say that the	living conditions	must be taken into consideration	Air Force
I am happy to say that the	economic conditions	to be taken into consideration	let us remember that
I am very happy to say that the	in which there is	are taken into consideration	as it is
I am sorry to say that the	to say that	with reference to the	which may be able to
I am very sorry to say that the	I am state that	would be able to	which are being
so-called (H)	inflationary pressures	I have not been	as a result
they are	in the light of the	we will be able to	as a result of
they are able to	I would ask the	we can have	with the result that the
they are not able to	on the other side	policy of the Government	in the case of the
ways and means	on this side	we do not have the	State Bank of India
weaker sections of the society	what would happen	in the earlier stages	Reserve bank of India
under the Ministry of	I need not	we should be given	in the long run
in the Ministry of	I need not to say	they would not be	industrial enterprises
Fundamental Rights	subject matter	from their own	large part of the
Directive Principles	they may not be	we would not have	large number of the
in the right direction	there may not be	we would not have been	additional taxation
in this direction	there cannot be	in our country	last time
in that direction	there will not be	whether or not	to carry on
as large as	it may not be	certain amount	very seriously
as much as	it cannot be	any objection	friendly relations
so much so	it will not be	no objection	neighbourly relations
we are not able to	foreign exchange	I have no objection	industrial relations
keep in mind	foreign exchange position	which have not been	it is no doubt
bear in mind	to meet the requirements	who have not been	what is the
borne in mind	on the basis of the	equity shares	as many as
will have to be done	had not been	preference shares	I was told
to go into the	it has not been	stocks and shares	cost of production
are proposed to be	to believe that	stock exchange	we will not be able to
as proposed	urge upon the	paid up-capital (H)	we would not be able to
I may/am also	first and foremost	over a number of years	we could not
I would like to say a few words	I do not wish to say	I have heard	countries of the world
by the end of the	at that stage	we have heard	rest of the world
at the end of the	at this stage	as well as the	taken over the
towards the end of the	during the past year	I would not be	that he is
at the outset	some sort of	never been	human being
at the very outset	which will not be	they have been	human beings
with regard to this matter	whatever may be the	any longer	you will remember
and there have been	I have no doubt	no longer	to have been
that there may be	on account of the	of the order of	are to be
and that is why	into consideration	of its own	in such matters
educational facilities	to take into consideration	Armed Forces	in the matter of the
housing facilities	taking into consideration		insurance policies
